Western Pallet Association
PO Box 1095
Camas, WA 988607

The Western Pallet Association recognizes the value of wood pallets in the world wide movement of nearly every conceivable product and works to influence changes that help its members and the industry.

Goals

- Provide a venue for information transfer and networking at annual meetings.
- Promote the use of wood pallets at meetings, in electronic media, and newsletters.
- Expand the use of new and recycled pallets.
- Work closely with component and other suppliers of products and services.

Eligibility

Membership Categories:

- Member: Any person or firm engaged in manufacturing or remanufacturing new or used pallets or wood materials handling devices.
- Associate Member: Any person or firm supplying materials or services to a materials handling manufacturing firm.
- Corresponding Member: Any person or firm not eligible for Member or Associate Member status.

Advantages

- Membership identifies you and your business as professionals in the materials handling business.
- Share in the strength of belonging to a group that is looking out for your best interests.
- WPA keeps its members informed of developments and trends in the materials and handling industry as well as related supplier industries.
- WPA conducts meetings to bring members the latest ideas and concepts in manufacturing and management. Networking opportunities allow you to make new contacts and develop valuable resources, as well as benefit and profit from the collective knowledge of all the WPA members.
- Our monthly newsletter, *Way Out West*, helps keep members informed of current events and trends and offers affordable advertising to its members.
- WPA's website, www.westernpallet.org, provides fast access to our membership directory and other important Association
